New in Traditional worship... Let's all sing in person!

This Sunday, we will print the words to hymns in our bulletins and invite our congregation to sing behind their masks in our traditional worship services. We believe that between the high number of people in the sanctuary who have been vaccinated, the anti-viral air purification system we have installed, and the continual wearing of masks, we can maintain a safe environment for all in the space. So come and worship with us when you feel ready. For now, we still ask you to [make a reservation](#) so that we can ensure that we can maintain social distancing in the sanctuary, but be ready to join in the hymns together.

Chapel Communion and Prayer follows the 11 a.m. service

LAUNCHING NEXT WEEK

TRANSFORMED

HEARTS · LIVES · COMMUNITIES

Get ready to join our whole St. Luke's family as we are invited to step out and take significant steps in transforming hearts, lives and communities. The ***Transformed-Hearts. Lives. Communities*** capital campaign finishes what we started in 2013 on the Westheimer campus, but more importantly, this effort takes us to a new level of engagement and service in our city. Each week we will learn more about places, people and projects we feel called to impact with the transforming love of God. Stay tuned.

Church-wide study: *A Life Transformed* starts April 19
